

## ART 2024

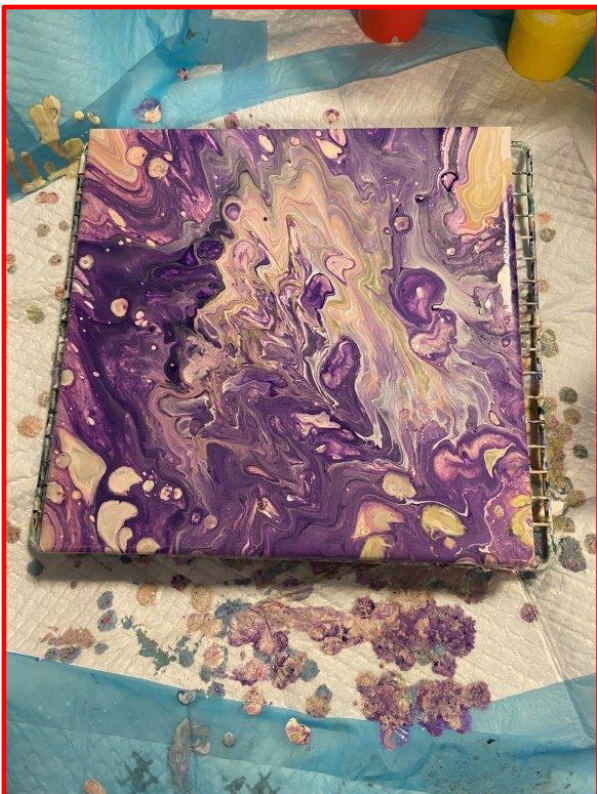

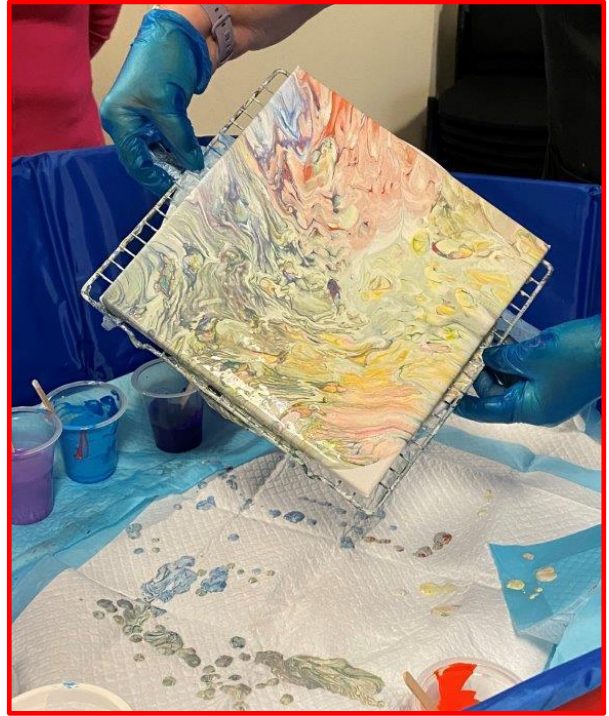

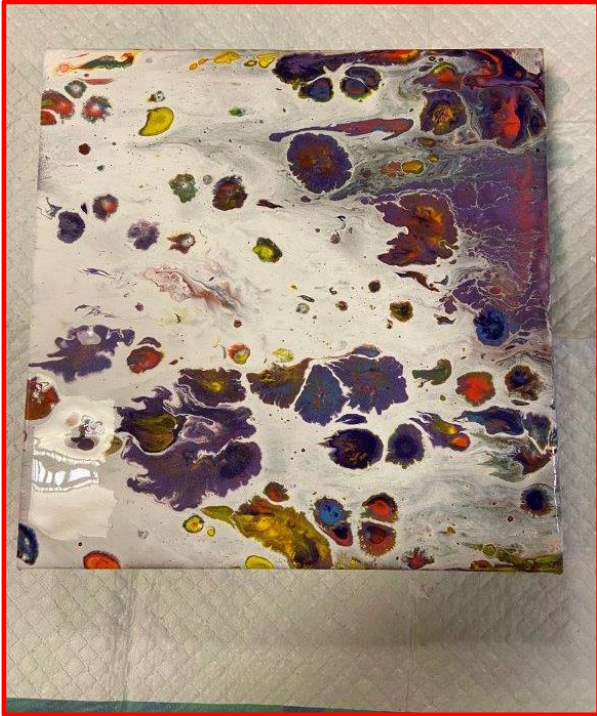

### February 2024: ACRYLIC POUR PAINTING

Linda gave us a brilliant demo of acrylic pour painting. This involved her bringing a lot of paints, pouring mediums and specialist equipment, including a paddling pool!

Linda is very skilled and an excellent teacher and we all had a go at blowing the paints to add to the stunning effects that can be achieved with acrylic pours. Have a look on YouTube!

We had a lot of fun and next month will be trying the technique for ourselves.

Thank you Linda

## March 2024: MORE ACRYLIC POUR PAINTING

The group had a go at acrylic pour painting in March, producing some interesting canvases.

It definitely IS art!

And it was fun too!
