

STROLLERS WALKING 2018

January 2017: SOUTHWELL

An elite group of seven Strollers met up en-route to Southwell on a wet and blustery morning. Starting from the Leisure Centre, we walked through the park and past the impressive 12th century Minster. Pausing only to take some refreshments at the Railway Inn (The Final whistle).

We then set off along the old railway towards Maythorne, but took a side trail to return on footpaths towards Southwell and the bus terminus for a short wait to return to Nottingham.

A very enjoyable day out for our group after the Christmas and New Year festivities.
